

COMMUNITY PATROL REPORT

January 2024

Community Patrol’s primary functions are to provide the community with services that include access control at the entry gates, Rules and Regulations compliance, and incident observation and reporting to the Association. Community Patrol’s services do not replace the services of outside public safety agencies such as law enforcement, fire services, medical services, city code enforcement, etc. In the table below, the “Calls for Service” column reflects the number of calls made by community members based on the violation type.
