Promote sportsmanship and care for the golf course.

## President's Message

by  
Tom Scudieri

A few weeks ago, we all were wondering when the hot weather would get here. Well, it's here and it's hot. This is a great time of the year to golf. Get out early to beat the heat and keep hydrated. Remember to fill in your divots, repair your ball marks and when driving on the fairways be aware of wet areas. The 4-day Kids Clinic has just ended and as always it was packed and a big success. A huge shout out goes to Pat, his team and all the volunteers. At this writing, the President's and Vice President's Cup are in the final stages. There are just a few more matches to be played. By the time you read this our champions will have been recognized. Our next tournament is the "Stag Day Tournament" on September 9th. We are expecting a full field for this tournament. This is a VERY important tournament. The proceeds from the ticket sales, drawing sales and the 50/50 boards sales go toward the Member/Member tournament on November 18th & 19th. Don't forget, you have a chance to win up to \$5000 on the drawing and up to \$1000/\$500/\$250 on the 50/50 boards. All CLMGC Board Members now have Stag Day Tournament tickets. Get your tickets early. Tickets for Golf, Dinner and Raffle are \$100.00. Dinner and Raffle tickets are \$75.00 and Raffle tickets are \$40.00. Buy 4 or more raffle tickets, at one time, and get one free pick on the Twenty Dollar 50/50 board. Don't forget the CLMGC picnic is September 27th at Holiday harbor.

## President's Message

By  
Linda Johnson

Welcome to August and to our expected summer heat. We are able to tee off at 7:30. Which is so helpful this time of year. Thank you Mark and your mowers for allowing us to intrude into your mowing schedule?

The Senior-Super Senior has been played. This is the last of our Major Tournaments of 2023. Thanks to Ura and her C.L.I.P.P.S. committee for managing this event, and congratulations to all the winners..

This month is our annual Couples Eclectic Tournament. I want to thank Ura, Victoria and Darlene for managing this event, and congratulate the winning couples whose name will be put on the Trophy. Hopefully, we will one day have a trophy case to display our trophies and awards.

The Junior Golf Camp is again sold out, with a long wait list. This is fun event for our community. A big shout out to Valerie and her helpers who are managing the check in and awards dinner again this year, so great to see our future golfers in training.

This is the time of year when we look to get volunteers for our 2023 Board. The nominating committee, Mary B. Maxine and Donna, are actively looking to fill the nine member board of officers for next year. It has been such an honor to serve on our board. I hope you will all consider stepping up to fill one of the vacancies.

The last Twilight has been played. Thank you Norma and Bruce for managing, this golf and dinner at the park, for so many years. We are looking for someone to take over Twilight next year.

Stay cools everyone.

Linda

## **Wet Bunkers:**

**Drains in the bunkers have become clogged and the water from rain and irrigation drain slowly creating puddles and wet sand. The sand becomes quickly contaminated. If the bunker drains slowly, the water is bringing fines to the surface of the sand making the material more dense as water struggles to get through. Also, the sand breaks down because of foot traffic, raking and general bunker maintenance and causes a very fine silt. Overspray from irrigation mixes with the silt and creates a hardening effect. Additionally, dirt from the bunker floor becomes mixed with the sand along with golf course debris that blows into the bunker. When a bunker gets washed out it also brings foreign dirt into the bunker. Contaminated sand clogs bunker drains even more. This Winter's extreme rainy weather is also a contributing factor to the contamination. According to several golf associations (like the USGA Green Section), the life cycle of a bunker is 5-7 years. Currently our bunkers are approaching 8 years old since they were last re-worked, so it's not surprising we are experiencing drainage problems. However, the warmer summer weather should help dry the bunkers out in the coming weeks.**

## **Other notes:**

**Please ride two to a cart to decrease the amount of carts out there that cause compaction of our turf and please keep carts away from the greens and collars!**

***All, as members we need to not only protect and take care of our course by watching the outside players but we also have to obey rules ourselves. There's been several instances that I've seen members driving on the par 3's. If you're not handicapped stay on the cart paths!!***

**Ron Bemoll is in need of a JOB!!**

### Instructions for determining the Most Improved Golfer

Add 12 to the player's Handicap Index at the start date. This value is A. Add 12 to the player's Handicap Index at the end date. This value is B.

Divide value A by value B, calculating to three decimal places. This is the improvement factor. The player with the highest improvement factor should receive the most improved player award.

#### Example:

Starting Handicap Index: 24.3 | Ending Handicap Index: 16.2

Value A:  $24.3 + 12 = 36.3$  | Value B:  $16.2 + 12 = 28.2$

A / B:  $36.3 / 28.2 = 1.128$

Improvement factor: 1.128

## Info from the August 1983 Bulletin – 40 years ago!

The Men's Golf Club Championship was held in August 1983. **Bert Nafziger** was not only defending his Club Championship, he was seeking his ninth championship trophy since 1973. (He did win in 1983 – the last of his nine club championships)

The "Greenskeeper" ( Golf Course Superintendent) reported that they are mowing the greens six times per week, every day but Tuesday (I'll bet that thrilled the ladies), the tees on Tuesday, Thursday and Sunday and the fairways on Monday, Wednesday and Friday. He further reported that "the golf course is watered the best we can". The golf course had a manual irrigation system, except for the greens and during the hot summer months it was necessary to water during playing hours to cover the entire course. My how things have changed.

The Bulletin reported that Junior Golf Week, held in July, was a great success with 40 participants. We had 160 participants in Junior Golf Week this last week in July 2023, with a waiting list of 30. As I said in the previous paragraph "My how things have changed". Then and now, this is a popular event and a great service to the youth of Canyon Lake, organized and put on by Pat Kemball and his pro shop staff and volunteers.

The last from the August 1983 bulletin: "*Yearly dues are due August 1<sup>st</sup> .... Make check payable to the ...POA. \$570/Couple, \$365/Individual*". Again, "My how things have changed".

## 20 years ago - the August 2003 Bulletin!

Many of you may now start to remember some of the happenings of August 2003. **Terry Miles** was President of the CLMGC. Current CLMGC member **Fred Hemborg** (grandfather of Hailee in the pro shop) was the membership director and reported that the club had 479 members. Again, "My how things have changed".

The TWG reported that major projects they completed during the work year ending June 30 were the turnout on the #4 tee box, widening of the cart path behind the #9 green, and the railing down the cart path on hole #17.

The Superintendent of Golf reported that "we are now in the summer transition where we are trying to stimulate Bermuda grass and letting the Rye die out". Some things never change!

The Bulletin reported that **Carlos Ramirez** had his third "hole in one" on hole #2, using a 9 wood. The shot was witnessed by current CLMGC member Steve McCain. **Marcus Schonabaum** had his third "hole in one" on #8 using a 7 iron. Current members Bob Stinson and Ron Bemoll witnessed the shot. I thought Ron Bemoll worked. How was he off on Wednesday?

**A bit of trivia:** **Bert Nafziger** won the Club Championship nine times as reported above. **Brandon Mojarro** has also won the Club Championship nine times and **Marcus Schonabaum** is slightly behind with seven championships.

## Green Committee Notes

Please be respectful of homeowners on the golf course. Please know that when selecting a line for a particular shot there might be someone's property or person at risk of getting hit by a golf ball. Children may be out playing in backyards as well as front yards. Balls coming to rest in someone's property are out of play and may not be retrieved.

Please use golf cart turnouts around the greens and try not to park on the grass. Other carts can then easily get by-and not travel on the grass.

Soft green conditions mean more ball marks. The proper technique for ball mark repair is easy and fast:

Insert the ball mark repair tool behind the ball mark and gently push the top of the tool toward the center. Continue working around the ball mark, pushing the surrounding turf in toward the center of the indentation. Avoid using a lifting or twisting motion because this can damage turf roots. Once you have finished pushing turf in toward the center, gently tamp the area down with your putter to create a smooth, firm surface.
